

# **School Resilience & Drug Education Guidelines**

### **Our Vision**

At Shelley Primary School, we believe that resilience & drug education is integral to the well-being of our students. We aim to provide a safe and supportive environment for the school community. We endeavour to engage the whole-school community in our drug education initiatives and are committed to providing our students with drug education and necessary related intervention across all year levels.

### **Our School Commitment**

Our School Resilience & Drug Education Guidelines are consistent with the Principles for School Drug Education. The guidelines promote a wholeschool approach to resilience and drug education where school staff, students, parents and the wider-school community work together with the aim of building resilience, preventing and reducing potential and existing risks of harm from drug use, to establish and maintain a safe school environment.

Our guidelines have been developed in consultation with staff, students, parents and community members to address resilience and drug education and necessary related interventions in a caring and consistent manner within the Shelley Primary School community.

### Curriculum

- Our three-year resilience & drug education plan identifies age-appropriate resilience & drug education content across all year levels.
- We use evidence-based resilience & drug education resources such as Challenges and Choices (www.sdera.wa.edu.au), REDI resources (www.deewr.gov.au) and Friendly Schools Plus (www.stepspd.com).
- School administration supports staff to deliver appropriate resilience & drug education by allowing in-school time for planning, providing professional development opportunities for staff and allocating funds for resources and materials.
- Classroom programs focus on skill development and develop students' knowledge and understanding, attitudes and values and promote help-seeking behaviour.
- A minimum of three hours of resilience & drug education across the curriculum per term is provided to all students across each school year – implementation to begin in 2013.
- Learning is extended from the classroom to promote parent support of resilience & drug education programs (e.g. through the use of take-home activities).

#### **Ethos and Environment**

- A School Pastoral Care Committee with representatives from the teaching and administration staff, school health service staff – school psych – as well as students, parents and external specialists (SDERA) is supported.
- Resilience & drug education is included in whole-school planning.
- All students have the opportunity to participate in resilience & drug education programs and initiatives.
- School Resilience & Drug Education Guidelines are reviewed every two years in consultation with the school community.
- School administration supports staff attendance at professional development to broaden their understanding and enhance their confidence in working well with resilience & drug use issues.
- We have developed and implemented Procedures for Incident Management and Intervention Support and these have been communicated through the wholeschool community as a part of the School Resilience & Drug Education Guidelines.

### **Parents and Community**

- The school fosters parents and families to be involved in resilience & drug education initiatives.
- Resilience & drug education information and strategies for parents and families are provided on a regular basis through a variety of methods such as the newsletter, website, parent nights and at school assemblies.
- SDERA's Connect (www.sdera.wa.edu.au), is used to identify resources and agencies that support and complement our school resilience & drug education initiatives.
- Orientation packs to new staff members and families include our *School Resilience & Drug Education Guidelines*.
- A dedicated health and well-being event is held annually and includes a focus on resilience & drug education.

# Incident Management and Intervention Support

On the pages that follow, the *Incident Management and Intervention Support* flow charts illustrate the steps which will be taken in the event of a drug use incident or issue.

Should you wish to contact school personnel in this regard, contact details are provided **on page six**.

### **INCIDENT MANAGEMENT**

### **Situation**

Student/s are thought to be:

- drug affected
- in possession of a legal drug
- in possession of a suspected illicit drug.

### **Immediate Actions**

- 1. Keep calm
- 2. Consider staff support
- 3. Inform student/s of concerns
- 4. Ensure safety of student/s
- 5. Get the facts
- 6. Inform Principal
- 7. Escort student/s for interview
- 8. Hand responsibility to Principal and document details
- 9. Attend to other students involved

# Initial Follow-up Actions by Principal

- Principal receives drugrelated evidence – witnessed and documented
- Inform student/s of process
- 3. Contact and involve parent/s
- 4. Establish facts
- Determine further actions

   following process for
   either legal or illicit drug
- 6. Consider need to send home
- 7. Inform broader staff team if deemed appropriate
- 8. Document details/actions

# Substance is a legal drug

- Substance is a legal drug being used on school premises where use is prohibited
- 2. Substance is a legal drug being used by students who are under-age
- 3. Substance is a legal drug being used outside the parameters of the intended purpose (e.g. use of a volatile substance or sale/inappropriate use of prescription medication)

# Legal drug – Follow-up Actions

- 1. Consult with parent/s
- 2. Determine actions
- 3. Provide Intervention Support
- 4. Document, monitor and evaluate

# Substance is possibly an illicit drug

- 1. Substance is an illicit drug
- 2. Substance is suspected of being an illicit drug
- 3. Substance is being represented as an illicit drug

# Illicit drug – Follow-up Actions

- 1. Report to Principal
- 2. Principal determines and actions whichever of the following are required (3-10)
- 3. Police are notified
- 4. Police conduct enquiries
- 5. Illicit activity suspected
- 6. Student searches required
- 7. Nature of substance uncertain
- 8. Determine actions
- 9. Provide intervention support
- 10.Document, monitor and evaluate

### INTERVENTION SUPPORT

### **Situation**

Student drug use issue identified:

- through student disclosure
- through staff member raising concern
- as a result of a drug-related incident.

### **Immediate Actions**

- 1. Inform student/s of concerns
- 2. Take matters seriously
- 3. Get the facts
- 4. Reassure student/s that their health and wellbeing are the primary concern
- 5. Principal informs appropriate staff and documents details - adhere to confidentiality
- 6. Support student/s through referral process to appropriate staff members

### **Disciplinary** Interventions -**Follow-up Actions** To be applied as deemed appropriate by Principal

1. Implement appropriate actions in keeping with Shelley Primary School Behaviour Management Policy (e.g. loss of privileges, detention)

## **Student Welfare** Interventions -**Possible Follow-up Actions** To be applied as deemed appropriate by Principal

- 1. Refer to support staff involved
- 2. Ensure inter-staff communication and feedback
- 3. Engage broader school support
- 4. Communicate with parents
- 5. Refer to external agencies
- 6. Address illicit drug use if acknowledged
- 7. Address Volatile Substance Use (VSU) if acknowledged
- 8. Promote student autonomy
- 9. Affirm student/s participation
- 10. Implement student welfare strategies
- 11. Document, monitor and evaluate

In the event of a drug use incident or where a student requires intervention for a drug use issue, the steps outlined in our flow charts for Incident Management and Intervention Support will be followed. In summary:

- the parent/s will be notified by the Principal
- the Principal will consider notifying police if illicit drug use is suspected
- both students and parents will be offered support through appropriate interventions
- the incident or issue will be documented and other relevant agencies involved
- respect will be given to privacy and confidentiality by and for all parties
- the health and well-being of all parties involved will be given priority.

# Shelley Primary School does not permit students while on school premises, at any school function, excursion or camp to:

- smoke and/or possess tobacco products
- · consume, possess or be affected by alcohol
- possess and/or use pharmaceutical drugs for non-medicinal purposes
- possess and/or use volatile substances
- possess and/or use illicit drugs
- possess and/or use drug-related equipment, with the exception of for intended legitimate medicinal use.

All school staff should confirm the procedures regarding the administration of medications found in Student Health Care Plans.
