

SOME GOOD NEWS STORIES FROM THE PAST 20 YEARS

CELEBRATING
20
YEARS
SUPPORTING
WA SCHOOLS

FEWER YOUNG PEOPLE SMOKING

Fewer young people are smoking tobacco and this trend continues. SDERA will keep focusing on tobacco education and use the Smarter than Smoking website to reach out to school communities.

NO ALCOHOL THE SAFEST CHOICE

More young people are now choosing to delay their first encounter with alcohol. It's really exciting to see this, especially with alcohol causing a range of harms in our community.

SECONDARY ALCOHOL SUPPLY LAWS

Secondary supply laws have been introduced to empower parents who do not want alcohol supplied to their children because they understand the health benefits of abstinence by young people under the age of 18 years.

SAFER DRIVING

The Graduated Driver Licensing System and our *Keys for Life* pre-driver education program are two strategies working to reduce crash involvement of young drivers and their passengers.

Thank you to the RAC for 13 years of partnership with Keys for Life.

Keys for Life reaches over 14,000 students every year - that's huge!
