DRIVING IN DIFFERENT CONDITIONS

Drive safely. Drive for the conditions.

1 Write **T** (TRUE) or **F** (FALSE) next to each statement.

- You are legally required to dip your headlights (if they are on high beam) when you are within 200 metres of an approaching vehicle.
- Your headlights show you what is straight ahead but not what is around corners or bends in the road.
- You must drive with your headlights on between the hours of sunset and sunrise or when conditions require it.
- You must dip your headlights (if they are on high beam) when you are driving less than 200 metres behind another vehicle.
- When entering curves at night, you should put your headlights on high beam and slow down.
- If a driver is dazzled by the headlights of an oncoming car, they should put their headlights on high beam.
- If a car drives towards you with their lights on high beam, you should slow down, look to the left of the road, keep to the left and pull over and stop if you still can't see.
- The distance you can see ahead and to the side is reduced after dark.
- You should drive at a speed that allows you to stop within the area lit by your headlights.
